Description

Height of the only tree : 700 mm. Width of the branches : 850 mm. Japanese artisanal quality non-enameled pot : 535 x 415 x 145 mm. The pottery has a small non-serious crack on one side, and the current price takes this defect into account. Kabudachi style. Pine with graceful trays , a big trunk of perfectly conical shape and smaller trunks without wire marks mark or cutting wound. Diameter of the base of the trunks : 180 mm. Very beautiful roots base. Nebari : 250 mm. Variety of pinus selected from seedlings for the short length, the aspect and the greenish-blue aspect of its needles. Formed bark because this bonsai is more than 50/60 years old. It comes from Master Tomoya Nishikawa's nursery. A structure cut and some ligature wires would refine the ramified trays. during winter. Photographed in August 2023.
