Description

Elegant foliage and refined flowering make this compact variety truly unique. Its narrow, elongated, and wavy leaves display a beautiful blue-grey hue, enhanced by even more pronounced undulating edges that add texture and depth. In summer, small lavender flowers bloom, highlighted by a pure white edge along the petals. With its low profile and distinctive blue foliage, this plant is perfect for creating original compositions in containers, borders, or garden beds. Additional information Flowering period: Summer Flowers: Lavender with white-edged petals Foliage: Lance-shaped, wavy, blue-grey Mature height: Low Packaging: Large rhizome in 2-litre plastic pot
