### Description

Bottle: 60ml. N.P.K: 22.18.20. **Vital Plus** is our bestselling multi-purpose fertiliser to revive all varieties of bonsai trees. **Dosage:** 10 ml per 1 litre of fresh water. Apply every 10 days, especially during periods when your tree may be stressed such as when it's been repotted, lost roots or has dried out.

Bottle: 60ml. **In the autumn use this BONMAI liquid chemical bonsai fertiliser to help the tree resist the cold and encourage vigorous foliage in spring.** Nitrogen content N.P.K: 4-8-12. **Dosage:** 10 ml bonsai liquid fertiliser to 1 litre of water. Over the month of September, water with this product 3 times, leaving a 10-day gap between each application.
