Description

Big rhizome delivered in a plastic 1-litre container. The lanceolate-shaped leaves of Hosta 'Blue Ivory' have a blue-green colour with a margin of white ivory. In summer the margin becomes off-white and the centre darkens. Lavender colour flowers in mid-July.

Adult height: 50 cm x 75 cm wide.
Leaves 6/8 cm wide x 15/20 cm long.

From a mutation of 'Halcyon'.
