Description

Leaves: green in spring, with bright pink, green and cream variegations on the tips of the shoots in summer. Reddish orange in autumn. Leaves: misshapen on the variegated sections.

The particularity of this variety comes because of the summery shoot, indeed bouquets of quick pink leaves leave very far from the foliage mass. A lot of originality.

Technical description

<i>Species</i>	Acer palmatum
<i>Variety</i>	Shufuku nishiki
<i>Leaf colour</i>	Variegated leaves
<i>Leaf shape</i>	Palmated
<i>Adult height</i>	Between 2 and 4 meters
<i>Shape</i>	Natural
<i>Exposure</i>	Partial shade
